The Law Regulating Newspapers and Periodicals

1. Any who do not give express notice to the contrary are considered as wishing to continue receiving the publications.

2. If subscribers order the discontinuance of their papers they must continue to send them until all arrearages are paid, or the subscribers are responsible until the numbers are sent.

3. If subscribers refuse to take the papers from the offices to which they are directed, they are responsible till they have settled the bill and ordered the papers discontinued.

4. If subscribers remove to other places without informing the publishers, and papers are sent to the former places of residence, they are responsible for the papers until they have given notice of the fact.

5. The courts have decided that refusal to take newspapers and periodicals from the Post Office with the intent to defraud the publisher is prima facie evidence of fraud.

6. The law makes no distinction between weekly and semi-weekly newspapers or periodicals regarding the place of publishing as the place of residence of the party publishing, unless notice is sent of a change to a publication office.

Greatest Improvement of the Age.
The Good Samaritan!
VENTILATED OVEN
COOKING STOVE!
We are sole AGENTS for BANGOR and vicinity for the celebrated Cooking Stove
GOOD SAMARITAN
THIS STOVE was patented by Messrs Rathbone & Co., of Albany, July 19 1859 and although but little more than a year has expired since it was first operated its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public. We claim for the Good Samaritan that its economy of fuel its simplicity of arrangement and real practical utility of the conveniences which surround it, have placed it far in advance of any Stove yet offered to the world. We will name a few of the advantages which it possesses over any other stove, as well as some of the conveniences which attend it.
1 It has greater weight of castings the bare stove weighing from 300 to 350 pounds.
2 Greater capacity for baking. It has a very large Oven and also convenience for baking on the top of the stove. It has also a large front roaster for baking bread pies, &c or roasting meat, and this without danger of contaminating with the same taste the finest edibles being baked in the oven of the stove an advantage which no other stove using the roaster possesses.
3 Its perfect control of heat. The Good Samaritan has a treble draught arrangement, which enables the operator to use as little or great a fire as he chooses. The advantage which this arrangement gives over any other economical stove is that while a fire may be started in the cold stove in from one-third to one half less time, the operator can after his fire is once started lessen the draught as much as he pleases, even to closing it entirely—thus giving him perfect control of the heat.
4 It has a soap stone fire back which will never burn out, and consequently will not need replacing. Soap-stone is used very extensively as a lining to coal stoves, as it is well established that nothing else will stand the effect of intense heat for so great a length of time.
5 Its accommodations for broiling are perfect and unequalled. It has a splendid arrangement for broiling on the hearth, giving a perfect draught, which, under and around the gridiron into the flues of the stove keeping the coals alive and carrying off all smoke and gases arising from the food—It will also broil very nicely upon the top without the smoke entering the room. This is accomplished by closing the draught, and can only be effected by a perfectly air-tight stove.
6 Its arrangement for the ventilation of the oven cannot be excelled. It is effected by having the front door of the stove, through which of the fresh air passes, striking against the front plate of the fire chamber (thus becoming heated) before entering the oven; then through the vent in a damper into the oven of the stove where it passes downward from the food which naturally rises to the top over the front oven plate behind the fire-back into the fire-chamber where they are consumed (thus adding fuel for combustion) and also to the perfect draught of the stove.
The Good Samaritan has in a single year proved itself to be the most economical as well as the most effective set stove in the world. The great advantage it possesses of being, at the same time, a greater variety of cooking, at once with greater rapidity of operation is not to be lightly passed over. None who have ever examined it closely can doubt for an instant but that, with ordinary usage it will last from 15 to 20 years. They can base this belief on its great weight, and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear.
8 That it possesses all the attributes and qualities of a first class stove in the height of perfection is no longer an experiment, but an established fact. That it has no equal, we are fully prepared to demonstrate to all impartial persons, and solicit all whether wishing to purchase or not to call and see the stove and be convinced of the truth of these statements.
We desire every house-keeper in Penobscot County to call and we think they will be fully repaid by examining the merits of this wonder of the age.
Description pamphlets and all information will be cheerfully furnished by us at our store

Diarrhea and Dysentery,
A CURE WARRANTED FOR 50 CENTS
The purchase money refunded to all persons dissatisfied with its results
Clem's Summer Cure,
A SIMPLE sweet syrup compounded of roots and barks containing no drugs or deleterious substances mild and safe in its operation, resemble to the taste, and does not like other diarrhea preparations, constipate the bowels, thereby endangering the system necessitating the immediate use of cathartics but gives immediate relief, invigorates and strengthens the patient, and leaves the bowels in a healthy natural condition.
One bottle of the Summer Cure is sufficient to cure any ordinary case two or three bottles generally sufficient to cure the most violent attack, and four to six bottles are warranted to cure any case of confirmed chronic Cholera Diarrhœa.
The Summer Cure is adapted to all ages, sexes and conditions, none can be injured by its proper use. For children and infants and particularly for children teething it has no equal. The Summer Cure has been used in a great variety of cases for three years, with astonishing results, never having failed to effect a cure. To northern troops going south and to mothers with large families of children, the Summer Cure is truly invaluable.
All agents selling this medicine may at their discretion refund the purchase money to persons dissatisfied with its results. The Colonel of any regiment of New England troops will be furnished gratis with one bottle each for every commissioned officer in his command by applying to the proprietors or to any one of their general Agents.

Gents —Above please find statement of Mr John G Daly a merchant of our city in regard to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. This testimony is given after having used most of the preparations now before the public claiming to be Hair Restoratives and must be considered conclusive as to the merits of the inimitable. Am out of the large size. Forward by Railroad double the quantity we had before.
Very truly your W A BELL
IT WILL RESTORE THE NATURAL COLOR OF THE HAIR,
where age or sickness has turned it grey and it will render it soft and glossy
"ANYBODY"
who may try it will find that it does not color the skin but by stimulating the natural secretions at the roots gives new life and strength to the Hair and thus restores its color and freshness. It can be used as freely as water up on the scalp and with as much safety—is composed of oil and immediately it strengthens, and as an article for the toilet has no equal.

TESTIMONIALS
DR J K LINCOLN—Though we have not the pleasure of a personal acquaintance with the gentleman yet we have reason to believe that he is a man of skillful practitioner of the dental art. At least he has made one old face in our house look young again and has fitted by art a pair of jaws to masticate the food as an which dame nature thought to deprive of the privilege a little too soon. We think the work and composition of the two full sets of teeth he has inserted cannot be excelled anywhere. We regard his presence in our city as an acquisition—not only as an accomplished dentist, but as a gentleman of good public talents and of an excellent private character.

In Peace or War on land or sea,
Our flag, the ægis of the free,
Bright emblem of Columbia's glory!
Shall tell to coming years the story,
How stout of heart, and strong of hand,
The patriots of our native land
Bore it, the nation's hope and life,
On tented field, 'mid fearful strife,
Still on! 'till through the sulphurous cloud
It broke in triumph Treason's shroud.

WHY FREMONT SHOOTS THEM The mercantile house of Turbert & Co, at Linn Creek, Mo., was broken into and robbed on Thursday night last by an armed band of 150 secessionists, who represented themselves to be from Arkansas, but were recognized as Missourians, under command of a preacher named Johnson More than fifteen wagon loads of goods were taken away, and the buildings entirely gutted, to the value of $100 000 One of the two steamboats belonging to the firm was also seized, but as the water was too low for navigation, she would probably be destroyed A detachment of four companies were sent from Jefferson City in pursuit next day and it was expected the robbers would be overtaken and deprived of their booty

The army in and about Washington is daily supplied with about one hundred and fifty thousand loaves of soft, sweet bread, and all of beautiful quality, furnished by the government bakeries, besides crackers or hard bread in considerable amount. The entire consumption of flour each day, in bread and crackers, is about nine hundred barrels.

The New York World says that the titles of loyal journals are pasted over the name of the New York News, and that thus disguised the secession paper is smuggled through the mails.—[The news has since stopped.]

The People's Loan.

The subscription books for United States Treasury Notes at 7 3 10 per cent interest, will be opened in this city on Wednesday next, and we have no doubt that the people of Bangor and vicinity will be found equally ready with those of other cities, to come forward to the support of the Government. Aside from the motives of patriotism which will influence to an honorable competition for the loan, there is the undeniable fact that the self interest of every man of surplus means should prompt him to the same course. It is the best investment of the day, if the Government stands, and if it does not stand, no investment is good for anything

The people of the country, however, appear to have unyielding confidence in the triumph of the Government, sooner or later—and that confidence is well founded, for it rests upon their knowledge of their own resources and determination It is stated that ten to fifteen millions of the loan have been subscribed for by individuals and corporations, and the subscriptions are coming in at the rates of two and a half millions per day, in sums varying from fifty dollars to one hundred thousand dollars When the Secretary of the Treasury gets his five hundred subscription agents at work in all the principal cities and towns of the Union, it will not be many days before the Government coffers will be overflowing The money article of the New York Herald of Friday last says

Over one million dollars were paid into the sub-treasury this morning by the subscribers to the national loan The heaviest sum subscribed during the day was one of one hundred thousand dollars, which came from one of the most prudent and conservative financial institutions in the city A large individual subscription—fifty thousand dollars—was made by an old, careful and highly conservative merchant, who informed the sub treasurer, on tendering him his check for the amount, that he considered it his duty to lend this money to the Government; and that, moreover, he considered it an excellent investment. Several $25,000 subscriptions came from financial institutions, and the usual mixed assortment from individuals

FEARFUL TRAGEDY AT PHILADELPHIA—*Six Ballet Girls Burned to Death* The telegraph has briefly announced a shocking tragedy at the Continental Theatre in Philadelphia on Saturday evening, by which six dancing girls were burned to death, and others were so badly burned that they cannot probably recover Shakespeare's "Tempest" was in course of representation and the ballet corps was numerous The particulars of the sad disaster are thus narrated by the Philadelphia Press

All at once, those accustomed to witnessing show pieces saw an unnecessary light glaring over the top of the rear scene Before they had time to speculate upon it, a number of men in shirt sleeves (stage carpenters) came running upon the stage, and while the confusion grew momentarily a sharp scream rang upon the ears of the people, and a woman in ballet costume, with her dress on fire, emerged from the side scenes, waving her arms above her head. In a moment she fell into the abyss where the ship was riding At the same time a succession of screams ensued Trinculo suddenly ceased to joke and dropped into the waters, while Stephano forgot to be drunk, and became as sober as a judge

The girls were dressing for the ballet The dressing rooms adjoin Sansom street, and, in a dressing room at the northwest corner of the building the Misses Gale were adjusting themselves for the ballet for Act II Miss Zelia Gale one of the sisters, stood upon a settee to reach her dress, and when in the act of handing it down, the flame of the gas from an adjacent tube set it on fire, the fire communicated to her underclothes, and she was all ablaze in an instant Her sisters rushed up to extinguish the fire, and they too, were ignited The fire mounted to their arms and breasts inflicting terrible burns. Panic stricken, they ran from room to room through a narrow passage way, into the next dressing room, filled with ballet ladies—The gauze dresses of these blazed up directly and screaming struggling, wrestling the poor creatures either turned and leaped from the window into Sansom street or ran hither and thither, calling for assistance

Miss Zelia Gale, with her clothing on fire and uttering loud screams, ran down stairs and upon the stage, behind the scenes, falling below the stage level where she was caught in the arms of Mr Thomas Bayard, the carpenter of the theatre. Mr Bayard in attempting to extinguish the fire with a "sea cloth," was himself burnt about the hands and arms

Miss Clara Clifton was caught in the arms of the bystanders, having leaped down and escaped unhurt, her clothes not having taken fire

Miss Hannah Gale did not jump from the window until she was badly burned, and when she leaped she fell to the ground upon her back and sustained severe injuries from the fall as well as from the burns She was carried into Greer's tavern near by where she lay in an almost hopeless condition at a late hour On Sunday, at ten o'clock, she expired at the hospital in great agony

Miss Anna Nichols in her fright jumped from a platform to the stage, a distance of about ten feet. She will not recover

Miss Abby Carr was burned about the breast and waist. Phebe Forbes died in the morning at 5 o'clock Miss Anna McBride died at 5 o'clock in the morning Misses Adeline Gale and Ruth Gale are badly burned Their cases are not hopeless. Mrs Mary E. Hermon will live Miss Anna Phillips died during Sunday afternoon Kate Harris was burned slightly

The Misses Gale were young ladies of prepossessing appearance. They were excellent dancers They were English by birth, and they first appeared professionally in this city in the Ronzani troupe

Lieut George W Alexander, who escaped from Fort McHenry on Saturday last, had solemnly pledged his honor, in writing, that if permitted to occupy the guard room (whence he escaped) at night, instead of the cells, he would make no attempt to escape But what better can be expected of a traitor?

FEMININE RECRUIT A feminine recruit, named Mary Smith, lately enlisted in the McClellan Zouaves, was discovered at Camp Wood, Cleveland, on Tuesday Mary is said to be intelligent, good looking, full of patriotism, pluck, and aged about twenty two years. Suspicion as to her sex was first excited by the peculiar wring of the dish cloth, which she gave when assisting in cooking the companies' rations, but all doubts vanished when in the distribution of "unmentionables" a pair was handed to the recruit with the feminine voice to fit on. He sat down, pinned the garment to his knee, and began to sew with the experiness of a professional seamstress. On being questioned, Mary plead guilty, and said "She wished to go to war to avenge the death of an only brother, who fell at the battle of Bull Run" Miss Smith will be sent to Dayton A female recruit was found in Camp Curtis, last week

The Exhibition of the Horticultural Society

Was opened yesterday afternoon, at City Hall, and will continue through to day The closing Fruit Supper will not take place this evening, on account of the Great Union Meeting at Norombega Hall, but will be given to-morrow (Friday) evening at City Hall

The exhibition is fully equal to the high anticipations of the public, being the best ever given in this city or in the State The hall is very handsomely decorated throughout with national flags and pendants of the red, white and blue, evergreens and garlands, wreaths and flowers On the panels of the galleries are inscribed in evergreen letters the names of Presidents of the Society and of some of its most efficient friends and promoters

The first view upon entering the hall is of a floral display of unequalled beauty and magnificence The entire stage is embraced in a frame work covered with innumerable flowers of every hue, and the tables are adorned in the greatest profusion with rich bouquets, cut flowers in every variety, elegantly arranged dishes of flowers, and tasteful floral designs, choice pot plants and flowering shrubs, and beautiful displays of "everlasting" flowers for parlor ornaments—This part of the exhibition is especially rich, and when mingled with the blooming and luscious fruits which load the long tables and depend from tastefully arranged branches, and amid the music of singing birds, the eye views the scene with delight, and all the senses are charmed.

The immense number of specimens and articles exhibited in the different departments renders it impossible to speak of them in detail, or to mention partieu ar objects of merit In attempting it, injustice would necessarily be done to many not mentioned but equally praiseworthy We shall give to-morrow as full a list as can be obtained of exhibitors' names and of the number of varieties exhibited by each

The show of apples is remarkably good for the season—this not being one of our "apple years" in Maine

In pears and plums the display is better than last year, but yet necessarily small, in consequence of the very general failure of trees to bear The specimens shown are many of them equal to those of the best bearing years

In grapes, the show is very fine indeed—the size, beauty and richness of the ripe clusters surpassing anything that we have ever before seen in that line Several of the exhibitors have been very successful in raising and ripening the open-culture varieties, and the specimens, as well as those which were brought forward under glass, are a delight to the eye, and provoke the imagination with an anticipated feast at the closing supper

In the department of vegetables, the show is really magnificent, if the word can be properly applied to mammoth squashes, cabbages, beets and turnips corn and potatoes, kale and cauliflower, celery, tomatoes and other garden products too numerous to mention Altogether the specimens are larger, handsomer, and better matured than in any former year, and they demonstrate the increasing skill and success of our city gardeners.

Among the special attractions in the hall are aquarial exhibitions of living fishes and marine plants by Miss Susan M Hallowell and A V Merrill and two large cages, each containing forty or fifty beautiful singing canaries, exhibited by Mrs M P C Withers and Mr Robert Parker

We trust that our citizens generally will "do themselves the pleasure" of witnessing this exhibition of the Horticultural Society The admission fee is but a dime

A Word about the President

Not a word *for* the President, because he needs none. But it is well, we think, to allude to the position of the Chief Magistrate of the nation, and the manner in which he has discharged his duties No man was ever called to the Presidency under such trying circumstances Ordinarily its vast responsibilities and perplexing cares are enough to frighten the most ambitious and self confident, and but few incumbents have resigned its burdens without a sigh, not of regret, but of relief But when Abraham Lincoln took the a lemn oath, faithfully to execute the office of President of the United States, and to preserve, protect, and defend the Constitution he entered upon a work of such magnitude, surrounded by such dangers, and demanding such entire devotion, as might well alarm the bravest and wisest statesman He was called to execute the office of President of the United States when a portion of the people were in active rebellion, and to preserve, protect and defend the Constitution, when unscrupulous enemies were plotting its overthrow To all the duties and cares attendant upon the ordinary administration of a government, were superadded the awful responsibilities of the herculean labors of conducting a war, the more fearful from the uncertainty of its magnitude and duration, and from the terrible character of the struggle He came into office at a time when the Government was almost entirely unprepared for the frightful contest which was forced upon them—when the army and the navy at their best estate inadequate to the service required, had been fearfully demoralized, when the treasury was empty—and when traitors filled the public offices

We did not vote for Mr Lincoln, and we have no favor to ask or to expect from him. That he was an honest man we never doubted, because his enemies vouched for his integrity But the President has shown himself to be fearless and firm in the discharge of his duty, wise in his policy, and patriotic in his purpose He has far surpassed the expectations of his country men, in the admirable manner in which he has thus far conducted the Government in the time of its greatest peril, and he deserves, in the midst of his anxieties, to be sustained and cheered by words of honest praise.—*New Bedford Mercury*

CAUGHT IN HIS OWN TRAP A very mean man once hired a servant girl for six months, agreeing to give her her board for her services In a few weeks he discharged her, and the father of the girl sued the man for damages.—When the case came to trial, the following conversation took place between the Judge and the defendant

Judge —Why did you discharge the girl?

Defendant.—She was such an enormous eater

J —But you agreed to board her for her work?

D —Yes, your honor, but she eat so voraciously

J —How much would it cost to feed her? One dollar a week?

D —Oh, that isn't a circumstance.

J —Perhaps a dollar and a half, or two dollars?

D —Nothing less than two dollars and a half, I assure your honor

J —(With a merry twinkle in his eye.) Well, then, I give judgment that you pay to the girl two dollars and a half per week for the remaining time she was engaged—which, according to your own statement of the contract, is what she is entitled to —*American Agriculturist.*

The Tale which was told me

There is no love within my heart,
Like that sweet love of old
(I tell the tale to those dear friend,)
The years have over it rolled

The hand I pressed so long ago
The eyes whose light met mine,
The lips which murmured words of love
In days of auld lang syne

The pulses thrill—the hot tears start—
Wild musings fill my brain—
I fling these gathered years away
And be a boy again

Away ye cares which line my brow
My bound ng heart be free
Ye stern hard powers by manhood wrought
I bid ye henceforth flee

Come back com back ye golden dreams,
Thou fairy realms unfold
Where hope sees were over nectared drink
And heart-throbs were our gold

There is no love within my heart,
Like that sweet love of old,
In S mmer's sunniest light it gleams
The years have over it rolled

Once when a heavy sickness pressed
Upon my lifeless frame
And dread of pall and coffin lid,
Came darkening over my frame

A thought came sweet as summer dew
An even pain grew fair,
'Oh she will come to my cold bed,
And weep that I am there"

She long hath worn her snowy robes
On the summery hills above
Oh, turns she mid the crowned ones
To meet an earthly love?

Be still, be still my beating heart—
'Twere bl ssing wild to know
While I must wear the chains of sense
And walk my ways below

Come back come back ye golden dreams,
Those fairy realms unfold,
There is no love within my heart,
Like that sweet love of old

ONE OF THEIR VICTORIES The Southern papers amuse their readers and keep up their spirits in the absence of any real victories, by reporting imaginary ones Here is one of them which we find in the last number of the Louisville Courier, dated Friday last

[illegible] despatch says that the rebel [illegible] Beauregard promised the [illegible] troops that if they will not [illegible] make a forward movement be[illegible] assuring them he will take Wash[illegible]

[illegible] of the Maine regiments, [illegible] that they enlisted only for [illegible] was quelled by a detachment [illegible] Seventh regiment Some hundred [illegible] were arrested

[illegible] despatch says that a deserter [illegible] states that the recent skirmish [illegible] against our lines are [illegible] to divert attention, while [illegible] cross the Potomac above They fear [illegible] from Banks as they have a [illegible] this generalship

OUTER STATION, 10th, } via Omaha, 14th }

The express from San Francisco passed [illegible] sailed on the 31st for Panama [illegible] passengers and one million in [illegible]

[illegible] takes place on the 4th, and [illegible] of the people of the whole [illegible] the prevailing excitement [illegible] fast losing ground The Re[illegible] actively carry the State

[illegible] volunteers are at Camp [illegible] west of Oakland Another [illegible] near San Francisco, [illegible] under the new call for 50,000 [illegible]

[illegible] of the 29th ult, states [illegible] of an emigrant party on [illegible] route by Indians, is confirmed by [illegible] on survivor, who reports [illegible] numbering 100 per[illegible] whole company of men, women [illegible] unmercifully butchered

CINCINNATI, 13th

[illegible] half past eight, the train on the [illegible] railroad containing a por[illegible] Illinois regiment, [illegible] over the bridge at Huron, Indiana, [illegible] west of Cincinnati, fell through, kill[illegible] and injuring over 100 soldiers It is supposed the work of design

FREDERICK, Md, 17th.

[illegible] after the force was gone through [illegible] yesterday afternoon of calling the roll and [illegible] an unusual stir took place in the [illegible] companies of Wilson's regiment [illegible] passing through the city in differ[illegible] and it was soon it was found that [illegible] which is so far as an outlet was [illegible] could pass without a pass [illegible] Marshal, whose office was soon [illegible] crowded throng of people who had [illegible] turned back

[illegible] Lieut Carmichael of the [illegible] was moving quietly about with [illegible] composed by a squad of military, [illegible] commencing with the officers [illegible] and especially the clerks, who [illegible] that they would keep the legislative [illegible] until a quorum should arrive—[illegible] point of the guard house was the [illegible] Milton G Kidd His as[illegible] Howe could not be found till [illegible] but he was finally arrested [illegible] Senate Mr Kilgore, and his [illegible] Mr Cunnack were also found after [illegible] and taken to the same destination

Mr Crisfield of Alleghany and Mr Cubbin of [illegible] were next taken and placed in [illegible]

It was then made to find Messrs Keesler [illegible] At a late hour Mr Keesler was [illegible] at Mr Mills at last accounts had not [illegible] The aim of the officers was to arrest all the members who voted for Mr Wallis's [illegible] report About 80,000 copies of which [illegible] were seized and appropriated to camp [illegible] being a treasonable document.

[illegible] the afternoon the Union members of the House and Senate met in caucus and resolved that the action of the Senators present in not [illegible] the Legislature, having virtually brought the Legislature to an end, they would return to their homes and not again attempt to assemble A committee was appointed to prepare a brief statement to be signed and published by the members present.

The arrest of the clerks will prevent them from calling the roll, and so the Legislature is at an end Several of the most noisy and active secessionists in town have also been arrested The prisoners will remain in the guard house all night, and then be removed to Fort McHenry

FREDERICK, 18th.

The Union members of both Houses refused to meet this morning The Legislature is virtually dead, all the officers being under arrest to prevent calling the roll The Union members will leave this afternoon for home, and the secession members for Fort McHenry

The city is quiet. The talk of invasion by Gen Johnston is laughed at Union flags are flying with the motto "The Union must be preserved"

JEFFERSON CITY, 17th

The following account of the engagement at Booneville 13th, is taken from Captain Eppstein's official report

He states that after the fight had lasted about an hour, the rebels he held as hostages became so restless that they begged him to allow one of their number to go with a private truce and ask ar armistice "These hostage came back soon afterwards", the Captain says, "while my men ceased firing, to know my conditions I then demanded that they withdraw their forces two miles from the city, while I promised to set the prisoners free whom I had taken, except a prisoner, named Painter, whom I informed them I would shoot in case they did not honorably keep their promise for seven days

They left the town according to their agreement Thus Capt Eppstein, with only 150 men, actually dictated terms to fully four times his number The enemy fought well for a short time, but out of their six hundred men, only six could be found to storm his works Their leaders bravely led the way but the men absolutely refused to follow Of these six our men killed four

Their leader, Col Brown, and Capt Brown, fell so near our intrenchments, that they were drawn in, and died inside

CINCINNATI, 18th—11 A M

The accident on the railroad proved worse than at first reported Four passenger cars went into the creek, and a passenger car on top of them These cars contained 250 men, belonging to Companies E, F, G and I The latter two were the principal sufferers Up to this time 80 dead have been taken out, and more are under the wreck.

A train is now on its way with 92 wounded It is believed that 30 or 40 were killed Indications are strong that the bridge was tampered with by traitors It was 60 feet span and 10 feet high, and was lately inspected

NEW YORK, 18th

Special dispatches from Washington state that the precautions taken by the Government indicate that an attack from the enemy is expected

LATEST FROM WASHINGTON

The Louisville Courier Excluded from the Mails.

Color Presentation to the 1st California Regiment.

MASSACHUSETTS DEMOCRATIC STATE CONVENTION.

CALIFORNIA ELECTION

LATER FROM EUROPE.

WASHINGTON, 18th

It is ascertained at the Department of State, that hereafter communication between the British Government and its Consuls in the port of the insurrectionary States, will, with the consent of our Government, be carried on by means of war vessels This will obviate the embarrassments which have hitherto attended these communications through other channels

The following notice was issued through the Post Office Department today

Ordered, that the Louisville Courier, found to be an advocate of treasonable hostility to the government and the authority of the United States, be excluded from the mails and the post offices of the United States until further orders

By order of the Postmaster General

JOHN A KASSON,
First Assistant Postmaster General

All candidates for admission to the Naval Academy are requested to meet at Newport, R I, between the 20th and 30th inst, and not at Annapolis as heretofore

Quartermaster General Meigs has returned to Washington from the West

An extraordinary Cabinet meeting was held this afternoon, all the members were present

George Wilkes presented yesterday in behalf of the State of California, a beautiful flag to the 1st California regiment, in a neat and brief speech Col Matheson replied gracefully in accepting the present.

The California Senators, Messrs Latham and McDougal, and others, delivered addresses, which were received with applause

The President this morning made the following appointments for the new Kentucky brigade, which is now ready to take the field as a portion of Gen Anderson's command

Maj W Z Ward of Kentucky, Colonel of the 1st Regiment, John H Ward of Bowling Green, Kentucky, Lieutenant Colonel, James B Carlisle, Major

Second Regiment—Edward H Hobson, Colonel, John Carlisle, Lieutenant Colonel, M. Hobson, Major

Third Regiment—Wade Velages, Colonel, Z C Edwards, Quartermaster, J D Williams, Commissary

A despatch to the War Department, dated Davistown Md, says that a party of the 34th New York regiment, crossed the Potomac at Seneca Creek, on Monday night, and encountered a rebel force of two or three companies, losing 3 men out of 15 The next morning they shelled the rebel camp, and drove the enemy back

A private letter letter says Corporal Gracy was killed, and corporal Zugg wounded.

WORCESTER, 18th

The Massachusetts Democratic State Convention held here today, nominated Isaac Davis of Worcester for Governor, and Edwin C Bailey, editor of the Boston Herald, for Lieut Governor

The resolutions adopted assume for the motto of the party "The Federal Government—it must and shall be maintained," and declares as a principle, "Separation never—Union forever"

The resolutions further demand of the Government equal protection to loyal men and their property in all the States, charges the Republicans with taking a position which leaves only disruption of the Democracy or independent nominations imperative, advocate the repeal of the two years amendment, and appeal to the people to join the democrats in electing honest men to office.

OUTER STATION, 18th, } Via Omaha, 14th }

The Pony Express from San Francisco, 4th inst, passed through here at midnight.

San Francisco, 4th—Business is at a stand still, owing to the election All the principal business houses are closed, and the people congregated at the polls.

Three fourths of the vote of the city will be for Stanford and the Republican ticket. The Union Democratic ticket for Governor will get about 3500 votes, and McConnell, the Breckinridge candidate about 1500

In some of the interior counties McConnell is running well, while the agricultural and commercial districts are all giving a heavy republican vote

There is every probability that the Republicans have carried the State by a handsome plurality, while the balance of the vote is nearly equally divided between the Union Democrats and secessionists.

The vote of the State will be large The result of the election is looked for anxiously

The election of McConnell would have a most disastrous effect on business, as endangering the peace of the country

The election of Stanford, with another Union candidate in the field, will be considered as placing, by an overwhelming majority, the loyalty of the State beyond all question

Judge Cradlebaugh, Union Democrat, is elected to Congress from Nevada Territory

Six hundred dollars has been subscribed in San Francisco for Parson Brownlow

The Los Angeles Star states that Gen A G Johnson was in the neighborhood of El Paso, on his way to Texas, to attend to his private business.

A fine crop of tobacco has been raised in Los Angelos

A train of emigrants passed through Los Angelos last week, bound North.

San Diego dates of the 10th ult, state that some ten emigrant wagons, from Western Texas, had arrived, who reported a very deplorable condition of things there when they left, owing to political disturbances

The Indians were very troublesome on the route

Oregon dates of the 29th, and British Columbia dates of the 27th ult, have been received

Lieut J S Parke, lately promoted to a captaincy in the 14th infantry, and Messrs Harris and Majors of the Boundary Commission, have arrived at San Francisco and British Columbia. The Commission have completed their labors

The Rock Creek and American Creek mines are within the northern boundary, and settlers are already occupying the district

The English Commission are still engaged, but will complete their portion this season

Steamer Otter arrived at Victoria from New Westminster on the 26th ult, with about $70,000 in gold

Accounts from Carribeau country state that men only three months in the mines have obtained $13,000 in gold dust Some claims are paying as high as three to five hundred dollars per day

New discoveries are being made every day, and there is considerable excitement in consequence It is stated that one claim at Selemkavina is paying from $100 to $200 per day, and others are reported that are doing as well

The imports into Vancouver s Island to June amounted to over a million of dollars

Affairs in Lower California are quiet

Accounts from Nevada Territory state that the overland emigration is passing through to California at the rate of from fifty to seventy wagons per day, the majority of which appear to come from Missouri, and considerable from Kentucky One very large train is mentioned as coming, called the "Bloomer train," having some 40 ladies dressed in the Bloomer costume, armed with bowie knives and revolvers

A despatch from Zuka, dated the 20th ult, states that it is reported today that an emigrant party of fourteen were killed by the Indians at Goose Lake, and $1000 in specie taken Only one man escaped

A despatch from Fort Vancouver, dated the 21st ult, says a detachment of troops left yesterday for the Cascades, and Company K had been ordered there to protect the settlers against the threatened incursions of the Indians

Dalles (Oregon) dispatches of the 21st ult say that the settlers in Zuka Valley, fearing an Indian outbreak, are hastily removing their families These dispatches seem to confirm the recent dispatches from Oregon, to the effect that the Indians east of the Cascades Mountains are preparing to drive the miners from the Nez Perces mines

HALIFAX, N S, 18th

The royal mail steamship Europa, from Liverpool 7th and Queenstown 8th, has arrived

Great Britain

At a meeting of the British Association, Mr Bazely of Manchester read another paper on the cotton question, in which the commercial policy of the United States was bitterly denounced, and the expediency of England freeing herself from dependence on America, was strongly urged

The Liverpool Post asserts that Thomas S Serrill, who was arrested on the last arrival of the Persia at New York, must have been arrested under a misconception Affidavits have been made by Smith, Payne & Smith, bankers of London, and by the Liverpool correspondents of Serrill, and have been forwarded to America They prove conclusively that Serrill had no political mission, and that the money found on him was his own, intended for his legitimate business The Post believes that he will be speedily relieved under these affidavits

France

The Paris papers say that the interview between the Emperor and the King of Prussia will take place at Compegne, on the 24 of October.

A French naval division will remain off the coast of Syria the whole winter, for the protection of the Christians

Felix Belly, the projector of the Nicaraguan Canal, has taken legal steps against the English company which was assuming rights over the projected canal

A marriage is contemplated between the King of Portugal and the youngest daughter of Victor Emmanuel

Spain

Madrid journals announce that the principal difficulties in the way of the reorganization of San Domingo have been removed

The Oceocs, in the course of a remarkable article, says that in view of the present state of things in Europe it is necessary to evacuate Tetuan, in order to allow of a concentration of Spanish forces

Turkey.

About 6000 Montenegrins passed the frontier on the 4th and occupied the town of Vanina.—The Turkish garrison refused to surrender, and in order not to fall into the hands of the Montenegrins, blew up the works and perished in the explosion

FLEET OF WAR STEAMERS AT HALIFAX The following is an extract of a letter from Halifax, N S, dated Sept. 12

"There is a large fleet of war vessels here—eighteen steamers of the first class and most approved armaments Great anxiety is felt here as to their destination Some say they are bound to Mexico, others that they are a fleet of observation for the Southern waters I am inclined to think they are to batter Vera Cruz, as England and France have withdrawn, it appears, their diplomatic agents So we may have the war extended far down South

The Ninth Regiment is filling up rapidly A company from Cornish, accompanied by the Cornish Cornet Band, and a number of volunteers from Topsham, in all about 120, came in yesterday They were handsomely escorted from the depot to the camp ground A regiment of cavalry is to be formed immediately in this State—It will number 970 men—*Augusta Banner*

The New Hampshire company of sharp shooters gave a public exhibition of skill at Weehawken, on Saturday afternoon, showing an admirable degree of efficiency After they had ceased firing, a lady, who had witnessed the trial stepped forward, and with a telescope sighted rifle succeeded in striking the bull's eye at the distance of 500 feet.

CAUTION.

ALL persons are cautioned against purchasing a note of hand for $40, given to Samuel Load better of Glenburn by Wm McDonald and dated Oct 17th or 18th, 1861 No consideration having been received for the same, payment will not be made

DR. LIGHTHILL,
Surgeon to the Medico-Surgical Institute for the Treatment of Deafness, Catarrh, and Diseases of the Eye
NO 34, ST MARK'S PLACE - NEW YORK.
Will be at the BANGOR HOUSE, Bangor Maine, FOR ONE MONTH from Sept. 17, where he can be consulted by all those afflicted with
DEAFNESS, CATARRH,
AND
DISEASES OF THE EYE
Noises in the Head,
Discharges from the Ear, Earache,
Catarrh in its various forms,
and all the various Diseases of the Eye Successfully Treated
Operations for Cross Eyes,
Cataract, Artificial Pupils,
Fistula Lachrymalis, &c,
performed to the entire satisfaction of the patient
FOR the last ten years DRS. LIGHTHILL have paid exclusive attention to the treatment of Diseases of the Eye Ear and Throat They have practiced in some of the largest cities in the Union, and in order to centralize the business and accommodate their patients, they have permanently located in New York where one of the members of the firm with his assistants, is constantly present to attend to their practice For evidence of their success in the treatment of the diseases of the above mentioned Organs, the reader is referred to the annexed notices of the press, selected indiscriminately from a large number in their possession.
[*From the New York Express*]
SCIENCE BENEFICIAL.—The successes to which science in the healing art is ingeniously and boldly applied are never more gratifying than when they result in giving perfect ease and fit to functions that previously had been apparently imperfect and incapable of healthful animation It is pleasureable to record such triumphs Dr Lighthill of No 34 St. Mark's Place, has recently again attained such an end in a case of ocular treatment He operated upon Mr Wm P. Gardner a young gentleman residing at South Kingstown R I, who had been blind from birth The operation was perfectly successful and the young man has ever since rejoiced in the sight which had been so long and so strangely obscured
[*From the Daily Spy, Worcester Oct 1, 1860*]
We are almost daily receiving fresh evidences of Dr Lighthill's skill as an oculist and aurist and now we have to record two more of his operations, testifying as plainly as possible to his professional ability On Friday last Dr L operated upon Horace Warner, of West Boylston Mr W had been deaf in his left ear for 30 years and was in a comparatively almost state of thus restored to perfect hearing On Saturday Mr Lyman Chase of Will kinsonville aged 17 years submitted to an operation, and was likewise restored Mr C had been afflicted for 12 years, having suffered much from no ses in his head but now is quite recovered and almost beside himself with the success of the operation
We are well aware what difficulties Dr L has had to contend against People have been humbugged so enormously recently by quackes and begin to doubt even a surgeon from sense Dr L has relied upon his unskillful as a surgeon by allowing his operations to speak for themselves He has gained an enviable position, and now stands at the head of his profession
[*From the Springfield Republican, Sept 7 1860*]
Dr Lighthill operated yesterday successfully upon the ears of two young gentlemen from Monson in this county—Mr Barthol mew Potter 23 years of age father of Mr D L Potter who has also been cured of deafness by Dr Lighthill last week this induced the old gentleman to try the doctor's skill He has been afflicted for a period of 40 years Both Messrs Potter bore one consultation Dr Lighthill before the difficulty to be hereditary and had but little faith that they could be relieved Everybody can imagine that their disappointment was a happy one The other subject of an operation for deafness is Mr A mold Thayer of Monson Mr Thayer has been greatly benefitted
[*From the Syracuse Courier Nov 21 1860*]
REMARKABLE CURE OF DEAFNESS—Hermon Phelps, an old resident of the city was recently operated upon by Dr Lighthill and is entirely cured of deafness Mr Phelps is 47 years of age and has been deaf for upwards of 20 years He resides at No 66 Washington street and relates to us with joyful earnestness the above fact and in his own words "feels just like a colt" Dr Lighthill is a German Physician and Surgeon in highly educated and brings remarkable testimonials of successful treatment of the eye and organs of hearing For his successful operation on one of our most aged and respectable citizens we feel it a great pleasure in passing him around
[*From the Hartford Daily Post June 8, 1860*]
Dr Lighthill yesterday operated upon Miss Bridget Byrnes No 64 Church street for Strabismus or cross Eyes making the eyes straight in less than five minutes without any pain Those who wish to satisfy themselves of the result of this operation can call on the lady and see the result for themselves The doctor also made another operation for Fistula Lachrymalis or ulceration of the tear canal upon Mrs Lucy A Havens of New London, which consisted in the insertion of a silver tube in the corner of the eye communicating with the nostrils thus relieving the canal and causing the discharge to flow regularly through the nose—The doctor's patients are all doing well and seem much gratified at the prospect of being relieved
To the Editor of the Utica Morning Herald
A proof and sense of gratitude to a real benefactor and the simple desire to benefit the similarly afflicted impels me to state the following Upwards of six years I have suffered more or less in excruciating pain from a diseased ear the tympanum of which was ulcerated and discharged somewhat freely at times Home remedies patent medicines, hinderings and the like were faithfully tried but all entirely useless Three years ago I went to the Massachusetts Eye & Ear Infirmary and afterwards took a six months' course of treatment on Dr Rum dell of Boston but still with no apparent benefit in the result Having spent much, and being nothing bettered, I had almost concluded to let it take its course but in reading Dr Lighthill's advertisement in the Herald was induced to make one more effort If happily it might be the successful one and I rejoice to say sir it was *the successful one* I applied to Dr Lighthill took one course of medicine and in one month the ulcer was healed the discharge stopped, and for ought I know or feel to the contrary the ear is as good as ever This testimony is entirely unsought by and unknown to the doctor the simple object being to render (honor to whom honor is due) and *Pro bono publico*
Yours REV JOHN PILKINTON,
Litchfield, N Y
[*From the Providence Journal, June 11 1861*]
CURE OF CATARRH—For 14 years I was afflicted with the worst form of Catarrh I could no lay on my back at night on account of excessive discharge down my throat, which almost at times nearly choked me Twenty months ago I placed myself under the care of Dr Lighthill and now I am entirely cured of this most loathsome disease My general health which was very much impaired has also improved, and in fact, I feel like a new man

PERUVIAN SYRUP,

OR PROTECTED

SOLUTION OF PROTOXIDE OF IRON COMBINED.

This well known Remedy has been used extensively and with great success for

DYSPEPSIA,

Or Impaired and Imperfect Digestion;

FOR THE CONSEQUENT

DETERIORATION OF THE BLOOD;

AND FOR THE FOLLOWING

FORMS OF DISEASE,

Most of which originate in DYSPEPSIA:

LIVER COMPLAINT, DROPSY, NEURALGIA and NERVOUS AFFECTIONS, LOSS OF APPETITE, HEADACHE, LANGUOR and DEPRESSION of SPIRITS, CARBUNCLES and BOILS PILES, SCURVY, AFFECTIONS OF THE SKIN, CONSUMPTIVE TENDENCIES, BRONCHITIS, DISEASES PECULIAR TO FEMALES, & ALL COMPLAINTS ACCOMPANIED BY GENERAL DEBILITY, AND REQUIRING

A TONIC AND ALTERATIVE MEDICINE.

Note.—The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state, and assimilate at once with the blood. This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation. For this reason the PERUVIAN SYRUP often radically cures diseases in which other preparations of Iron and other medicines have been found to be of no avail.

Certificate of A. A. HAYES, M. D., of Boston.

It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible. In the PERUVIAN SYRUP this desirable point is attained by COMBINATION in a way never before known, and the solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

A. A. HAYES, Assayer to the State of Mass
16 Boylston Street, Boston.

Certificate of Jas. R. Chilton, M. D., of N. York.

It is well known that it has been found very difficult to preserve the PERUVIAN SYRUP in a palatable form, for a desirable length of time, compounds of the Protoxide of Iron — The Peruvian Syrup I am pleased to say, accomplished this desideratum.

JAMES R. CHILTON, M. D., Chemist.
93 Prince Street, New York, Aug 8, 1859

Certificate from well known Citizens of Boston.

The undersigned, having experienced the beneficial effects of the PERUVIAN SYRUP, do not hesitate to recommend it to the attention of the public.

Rev John Pierpont, Peter Harvey,
Thomas A Deaver, James C Dunn,
S H Kendall, M D, Samuel May,
Thomas C Amory, Rev. Thos. Whittemore

Certificate from well known Citizens of N. York.

New York, Nov 17th, 1859

The experience which we have had of the PERUVIAN SYRUP and the evidence which has been exhibited to us of its great good in the cure of many diseases, satisfies us that it is a meritorious agent of remarkable power and deserving the attention of invalids.

For its Superior Medicinal Qualities!

THIS elegant Compound which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of Quinine containing all the peculiar virtues of PERUVIAN BARK carefully combined with various tonics and stomachics, and cannot fail to meet the wants of the debilitated

It is a mild tonic to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases and in fever and ague, or kindred complaints its aid is invaluable.

For diarrhoea, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy

One of the very best physicians in Boston has said "*that it is the very best preparation of Bitters that has ever been offered to the public*"

Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J C AYER & Co. Gentlemen I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms, sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off My skin is now clear, and I know by my feelings that the disease has gone from my system You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Peeble writes from Salem, N. Y 12th Sept. 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same, says he cures the common *Eruptions* by it constantly

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J D Champion, of New York City writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by *ulceration* of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements"

Edward S Marrow, of Newburg, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859

DR J C AYER Sir I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended and have found its effects truly wonderful in the case of *Inveterate and Mercurial Disease*. One of my patients had syphilitic eruption that broke out, while very consuming his system as the top of his mouth. Your Sarsaparilla, at will, took in cured him in five weeks Another was attacked by secondary symptoms in his nose and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon much his brain and kill him and I yielded to his solicitation if your Sarsaparilla. The others hesitated and waited until most of their noses had some disfiguration to his face A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones She, too was cured entirely by your Sarsaparilla in a few weeks I know from its formula, which your agent gave me that this Preparation from your laboratory must be a great remedy, consequently, these truly remarkable results will at have not surprised me.

Fraternally yours, O V LARIMER, M D

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July 1 9

Dr J C AYER Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J FREAM

Juliet S Gotchell, of St Louis writes: "I have been afflicted for years with a *Species of Liver* which destroyed my health I tried everything and everything failed to relieve me and I have been a broken down invalid for some years from no other cause than *disorder of the Liver* My beloved pastor the Rev. Mr Engle advised me to try your Sarsaparilla, because he said he knew many and any things it had done. I did so, and by the blessing of God it has cured me and has so invigorated me as to make a new man of me I feel sound, as the best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported from the cures of these formidable complaints have resulted from the use of this remedy but our space here will not admit them Some of these cases may be found in our Annual Almanac which the agents below named are pleased to furnish gratis to all who call for them

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many results of cures of these affections have been made by this alterative power of this medicine. Instances are on record of functions into vigorous health, even in most desperate cases of these distressing affections, such a remedy has long been required. Thousands of the people, and we are confident that this will do for them all that medicine can do

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass all other for the cure of throat and lung complaints that it is useless here to publish the evidence of its virtues. It is certainly excellent for coughs and colds and many wonderful cures of pulmonary disease have been known throughout the civilized nations of the earth Few are the communities or even families long at a time who have not some personal experience of its effect — some living trophy in their midst of its victory over a subtile foe. Among such it needs but the mention of its name As all know it to be deadful fatality of these disorders as they know, too the efficacy of this remedy, we need do more than to assure them that it has as well the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind

DR. SWEET'S

Infallible Liniment!

—THE—

Great External Remedy

For Rheumatism, Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Piles, Headache, and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy, and never fails This Liniment is prepared from the recipe of Dr Stephen Sweet, of Connecticut, who for its benefit used it in his practice for more than twenty years with the most astonishing success

AN AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public, of which the most skeptical may be convinced by a single trial

This Liniment will cure rapidly and radically RHEUMATIC DISORDERS of years standing in thousands of cases where it has been used, it has never been known to fail

FOR NEURALGIA it will afford immediate relief in every case however distressing

IT will relieve the worst cases of HEADACHE in three minutes and is warranted to do it

TOOTHACHE also will cure instantly

For NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess, this Liniment is almost hopeless and unfailing remedy.—Acting directly upon the nervous tissue, it strengthens and revitalizes the system and restores it to elasticity and vigor

FOR PILES—As an external remedy we claim that it is the *best* known and we challenge the world to produce an equal Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *speedy* cure

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous but a timely application of this Liniment will never fail to cure

SPRAINS are sometimes very obstinate, and on large parts of the joints is liable to occur if neglected but the worst cases may be conquered by this Liniment in two or three days

BRUISES, CUTS WOUNDS, SORES, ULCERS BURNS AND SCALDS, yield readily to the wonderful healing properties of *DR SWEET'S INFALLIBLE LINIMENT* when used according to directions Also CHILBLAINS, FROSTED FEET, and INSECT BITES AND STINGS

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless

Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years and many of them from persons in the highest ranks of life

CAUTION.

To avoid imposition, observe the signature and likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine RICHARDSON & CO

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some act of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills and change out the disordered humors—purify the blood and let the fluids move on unobstructed in health again They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. Acid settles somewhere in the body and obstructs the natural functions. These, if not removed, act upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, expose it by the derangements incident to climate, Ayer's Pills will soon have directly they restore the natural action of the system, and with it the buoyant feeling of health again. When to the and so prominent in the trivial and common complaints is also true in cases of deep-seated and long standing disease. The same property effects cures by their purgative action of dyspepsia, costiveness, dropsy, piles, neuralgia, and many of them surely, cured by the same means. Those who know the virtues of these Pills will expect to employ them when suffering from the disorders they cure.

Testimonials from leading physicians in some of the principal cities, and from other well known public persons

From Dr Ewing, Mayor of St Louis, Feb 1 1858.

Dr Ayer Your Pills are the perfection of all that a cathartic should be. Their action is sure, safe and salutary. Their effect upon the liver is decided and very marked. I find for them a ready sale and they are in great demand. I have no hesitation in saying that we have no cathartic which is so generally efficacious as your Pills, and which we can so confidently recommend to our friends.
